

## OT Clinical Education

### OT Preceptor Survey Summary Results 2023 - 2024

Feedback was collected from 56 current and prospective OT Preceptors in our clinical community. Findings will help us plan initiatives that drive positive change and growth in the OT Clinical Education over the next several years.

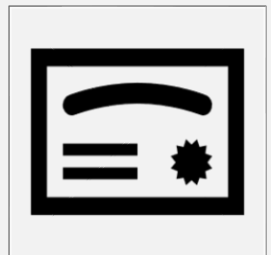

#### Priority Areas of Improvement:

Improving Communication  
from the OT Program

Enhancing Preceptor  
Recognition

Supporting Preceptor Growth  
and Development

#### OT Clinical Education – Next Steps:

Improve existing  
tools and processes  
to enhance role  
functioning

Build, nurture, and grow  
a diverse community of  
OT clinical preceptors  
and placement  
opportunities

Develop resources  
and learning  
opportunities to  
support  
preceptorship
